

TORO. Count on it.

Workman® MD/MDX/MDE

FEATURES

- SRQ™ (Superior Ride Quality):
 - Front suspension Independent A-Frame™ design with coil-over shock absorbers (All models)
 - Rear suspension Swing Arm design with coil-over shocks (MD & MDX models)
- Patented Active in Frame™ twister pivot joint for enhanced stability and traction
- The capacity to get more jobs done in less time:
 - 1,200 lb total capacity – MDE
 - 1,250 lb total capacity – MD
 - 1,650 lb total capacity – MDX

Power and productivity to tackle the toughest jobs.

The hard work shouldn't start until you get to the job site. The new Workman® MD Series with SRQ™ combines a coil-over shock absorber suspension design with an Active In Frame™ twister joint. These features deliver superior ride quality for optimum operator comfort. The hefty payload capacity and four-wheel hydraulic brakes combined with SRQ provide enhanced productivity and exceptional operator control.

Experience the Workman MD Series with SRQ. The better way to get your job done.

- Four-wheel hydraulic brakes for authoritative stopping power
- Extended run batteries and regenerative braking for a longer per charge work capacity and whisper-quiet operation (MDE model)
- New injection-molded body styling
- Proven durability of steel diamond plate floorboard, rotomolded bumper, dash and cargo bed
