Wouldn't it be great to know before the season ever begins that your equipment is in top notch working condition?

If our testing finds an existing issue, our team of qualified OPEESA and Toro Systems Certified technicians will, with your approval, bring your equipment back up to specs while saving you money.

Free Pickup/Delivery

When your units are pre-registered for service before December 4, 2010.

No finance charges until March 15, 2011

for customers with approved credit

Precision Reel Grinding Service Special #1*

Triplex units - Two reels serviced at reg. price + **one reel free** (when traction unit is also serviced)
Five gang units – Four reels serviced at reg. price + **one reel free** (when traction unit is also serviced)

Precision Reel Grinding Service Special #2*

Send in 15 or more 'similar style' reel type cutting units and **every 5th reel** is serviced **free**.
(#2 does NOT require traction unit service)

When it comes to reel grinding...we are color blind.

Send us your Jake and Deere units too!

Precision spin grinding of cutting unit assembly includes:
Relief grind
Grinding on all reels AND bedknife replacement/grinding
Reel and roller bearing ADJUSTMENT and final HOC adjustment

(Bearing and/or other component replacement labor-if needed-will be additional on all units serviced)

Parts and Taxes additional
